If there's something here to learn  
I guess I'll find a way to turn  
the absence into life  
If you take the blame I guess  
it's time to fade away and turn  
the day into the night  
And if there's nothing left  
then I'll confess and put to rest  
Orion's sky  
we never really knew

Keep the day in  
a music box  
open it every now and then  
to hear it stop

And I see myself  
staring back at me  
through the mirror I'll be

More than this

If there's nothing here to see  
I guess I'll close my eyes  
and take the fall  
good-bye

If there's nothing left to see  
I guess I'll close my eyes  
good-bye good-bye good-bye..

Keep the day in  
a music box  
open it every now and then  
to hear it stop

And I see myself  
staring back at me  
through the mirror I'll be  
more than this  
more than this  
staring back at me

back at me back at me  
I'll be

More than this

Keep the day in  
a music box  
open it every now and then  
to hear it stop

And I see myself  
staring back at me  
through the mirror I'll be  
more than this  
more than  
staring back at me  
back at me back at me  
and I see myself  
staring back at me back at me.
