Close your eyes, take a breath
Come and take a jump inside
You won't have to think about tomorrow
Come along, get on board
'Cause it's time to take a ride
Can anything else you know remove the sorrow?
You will find it's the only way
You've been wrong before
Only now you can receive it

CHORUS

Don't run away from love, don't run away
(Don't run away)
Just because you don't want to give in
Don't run away from love, don't run away
(Don't run away)
There's gotta be something more to believe
Don't run away, don't run away from love

Uh oh, uh oh oh oh
Uh oh, uh oh oh oh yeah

CHORUS

Don't run away from love, don't run away
(Don't run away)
Just because you don't want to give in
Don't run away from love, don't run away
(Don't run away)
There's gotta be something more to believe
Don't run away, don't run away from love

You've been down, down this road
Like a thousand times before
Say you don't have the strength to change your mind
What's the deal, what's to lose?
What are you waiting for?
Do you really want to be the one who's left behind?

CHORUS

Don't run away from love, don't run away
(Don't run away)

Just because you don't want to give in
Don't run away from love, don't run away
(Don't run away)
There's gotta be something more to believe
Don't run away, don't run away from love

You will find it's your lucky day
You have lost before
Maybe now you can believe it

CHORUS

Don't run away from love, don't run away
(Don't run away)
Just because you don't want to give in
Don't run away from love, don't run away
(Don't run away)
There's gotta be something more to believe
Don't run away, don't run away from love

Don't you run away from love
Don't you run away
Don't you run away from love
Don't run away
