You took my heart  
And you went away  
We said goodbye  
And we're givin' it all away  
Givin' it all away

My mind's made up  
Nothing left to say  
We're on our own  
And we're givin' it all away  
Givin' it all away

Givin' it all away  
Happens everyday  
No matter what we say  
We're givin' it all away  
Givin' it all away

I'm all alone  
I've had my day  
Didn't work out  
And I'm givin' it all away  
Givin' it all away

There's no tomorrow  
There's no today  
Life's lost all meaning  
And I'm givin' it all away  
Givin' it all away

Chorus

Chorus twice

Not fragile, fragile, fragile...  
Not fragile, fragile, fragile...  
Not fragile, fragile, fragile...
