Bachman-Turner Overdrive Take It Like A Man Lyrics

Only three stops to make in Alabama
Every one a one night stand
Workin' for a man down south Louisiana
Cause Z.Z. ain't his only band
Business ain't been good or bad
But sittin' here will drive me mad

I'm gonna get back where they want me
Get back where they want me
Get back where they want me
Make a stand
I'm gonna take it like a man

Met a stray woman, I think it was in Texas
She was made for those who'd pay
Got a little drunk and raised a mild ruckus
The city said I could not stay

1.(I) Guess I'm gonna have to change
until my life is rearranged

You know (Chorus)

Repeat 1

Chorus
