Freeze Frame!

1,2,3, WHOOO!

I could see it was a rough-cut Tuesday

Slow-motion weekdays stare me down

His perfect picture got me wound

Snap shot image froze without a sound

Thursday morning was a pop shot factor

His face still focused in my mind

(doodle odle oop)

Friday night we'll dance the spotlight-light

(doodle odle oop)

Stop time heart for me if he's not mine

(freeze frame, freeze frame, freeze frame, freeze  
frame)

Freeze frame (freeze frame)

Freeze frame (freeze frame)

Freeze frame (freeze frame)

Freeze frame

Whoo!

Now Freeze

Now I'm looking at a flashback Sunday

Zoom lens feeling just won't disappear

Close up photo image looks so clear

His hold on me has got so strong

This freeze frame moment can't be wrong

(freeze frame, freeze frame, freeze frame, freeze  
frame)

Freeze frame (freeze frame)

Freeze frame (freeze frame)

Freeze frame (freeze frame)

Freeze frame

Whoo!

Now Freeze

Whoo!

Shoop shoop, doodle oodle oop

Oh yeah!  
Shoop shoop, doodle oodle oop

Snap shot image froze without a sound

(freeze frame, freeze frame, freeze [I'm lookin at a  
flash back freeze frame] frame, freeze frame)

Freeze frame (freeze frame)  
Freeze frame (freeze frame)  
Freeze frame (freeze frame)  
Freeze frame

Freeze frame (freeze frame)
