Hallelujah, hallelujah
A silence broken by a hallelujah
Hallelujah, hallelujah
A silence broken by a hallelujah

A time for silence is no time
A time for silence is no time for hallelujah
A hallelujah

Hallelujah, hallelujah
A single voice sings a hallelujah
Hallelujah, hallelujah
A single voice sings a hallelujah

A time for singing is no time
A time for singing is no time for hallelujah
A hallelujah

Hallelujah, hallelujah
Mother whispering a hallelujah
Hallelujah, hallelujah
Mother whispering a hallelujah

And time for whispering is no time
And time for whispering is no time for a hallelujah
A hallelujah
Hal-lelujah

Hallelujah, hallelujah
A silence broken by a hallelujah
Hallelujah, hallelujah
A silence broken by a hallelujah

A time for silence is no time
A time for silence is no time for hallelujah
A hallelujah
