an oil painted portrait
of still life
a moving image
with patience
just lie still
a chemical illusion
break it down
a moment fallen to pieces
fallen down
some things do last forever
I won't go
I want to live in a magazine
I want to go in cheap
and come out clean
I want to live in a magazine
I want to be obscure
with a girl obscene
irresistable canvas
rayon eyes
imaginary invention
can you tell
unbelievable likeness
get closer
a candy coated solution
smells like film
some things do last forever
I won't go
I want to live in a magazine
I want to go in cheap
and come out clean
I want to live in a magazine
I want to be obscure
with a girl obscene
don't try to take me down 'cause you know I won't go
I don't give a damn about it anymore
I won't go
a sentimental position
hold that thought
an emotional gesture
let it go
an enamel persona
residue

a scientific religion
break it down
some things do
last forever
won't go
I want to live in a magazine
I want to go in cheap
and come out clean
I want to live in a magazine
I want to be obscure
with a girl obscene
