Make me down a pallet on the floor
Make me down a soft, a soft, easy, and low
If you leave, leave a letter, darling 'fore you go
C'mon, make me down a pallet on the floor.

Yeah, I'm going where the climate suits my cold
Yeah, I'm going where nobody knows
You can leave a letter, darling 'fore you go
Make me down a pallet on your floor.

Make me down a pallet on the floor
Yeah, make it down a soft, a soft, easy, and low
If you leave, leave a letter, darling 'fore you go
C'mon, make me down a pallet on your floor.

Yeah, I'm going where the climate suits my cold
I'm going where nobody knows
If you leave a letter, darling 'fore you go
C'mon make me down a pallet on your floor.

Make me down a pallet on your floor
Yeah, make it down soft, a soft, easy, and low
If you leave, you leave a letter, darling 'fore you go
Make me down a pallet on your floor
Make me down a pallet on your floor
Make me down a pallet on your floor.
