Friday night, we're gonna have a party
Hang the lights and deck the halls with holly
Gather 'round, it's a celebration
Bring everyone that you know
Sleigh bells ring just around the corner
"Fa lala la" crossing every border
Snow is falling but the fire's burning
Just is time for the holiday

We're gonna rock this Christmas all night long
(oooohh...)
(Merry Christmas...) We're gonna rock until the
season's gone
(Merry Christmas...) Start the party, crank the music
(And a happy new year...) Come on, everybody, all
we're gonna do is (ooh)
Rock this Christmas all night long (oooohh...)
(Merry Christmas...) We're gonna rock until the
season's gone
(Merry Christmas...) Start the party, crank the music
(And a happy new year...) Come on, everybody, all
we're gonna do is rock (oh, yeah)

Pucker up, we're standin' under the mistletoe
It's my party and I say we rock 'n roll
Grab somebody and get on the dance floor
To celebrate the holiday
So get up, cheer up, I wanna see you shakin'
Catch that Christmas feelin', let's go crazy, baby
I know you want, you wanna have fun
So rock around the clock all night

We're gonna rock this Christmas all night long
(oooohh...)
(Merry Christmas...) We're gonna rock until the
season's gone
(Merry Christmas...) Start the party, crank the music
(And a happy new year...) Come on, everybody, all
we're gonna do is (ooh)
Rock this Christmas all night long (oooohh...)

(All we're gonna do is rock this Christmas all night
long)
I'll never forget this, I'll always remember
(We're gonna rock until the season's gone)
The days that we spent when we were together
(Start the party, crank the music, come on everybody)
Let's spread love all around the world
(All we're gonna do is rock this Christmas all night
long)
I'll never forget this, I'll always remember
(We're gonna rock until the season's gone)
My friends and my family, I'll cherish forever
(Start the party, crank the music, come on everybody)
Let's spread love all around the world
(All we're gonna do is rock)
I'll never forget this, I'll always remember (oooohh...)
Having my family together for Christmas (merry
Christmas...)
Let's spread love all around the world
(Merry Christmas... and a happy New Year... ooh)
I'll never forget this, I'll always remember (oooohh...)
The spirit of Christmas, those nights in December
(merry Christmas...)
(Merry Christmas) Let's spread love all around the
world...
