On my father's legacy  
Is handed down by angels' wings  
A bittersweet melody  
Is now mine to sing  
Every precious memory  
And broken hearted tragedy  
Will walk into eternity  
And not fade away  
If you will go and not return  
Leave me some words of wisdom  
If I cannot follow any more  
I promise to teach what I have learned  
If you will go and not return  
How'd you get so far away  
So suddenly evaporate  
Fortune smiles with teeth of jade  
And the greediest eyes  
Now I long for that embrace  
The strongest arms and troubled face  
Smokey air and autumn grey  
That make me feel safe

If you will go and not return  
Leave me some words of wisdom  
If I cannot follow any more  
I promise to teach what I have learned  
If you will go and not return  
Who was it that said to me  
That heros will live forever  
And where are they now  
Now that I'm standing alone  
If you will go and not return  
Leave me some words of wisdom  
If I cannot follow any more  
I promise to teach what I have learned  
If you will go and not return  
Leave me some words of wisdom  
If I cannot follow where you go  
I promise to teach what I have learned  
If you will go and not return
