I heard a whisper that touched deep inside my soul
Like some familiar melody
A hidden chapter from a story left untold
I gotta feeling, I could believe in

There is an angel in my heart
Feels like I'm guided by a candle in the dark
It's taken all this time
To finally find out what I could never see
You were there for me
Now there is no doubt that there will always be
An angel in my heart

You were the friend, you were the one I could confide
in
You gave me strength that I could never find
Deep emotions that I've always been denying
I believe in, it's so close now, it's you that I'm feeling

There is an angel in my heart
Feels like I'm guided by a candle in the dark
It's taken all this time
To finally find out what I could never see
You were there for me
Now there is no doubt that there will always be
An angel in my heart

Finally found what I've been searching for
All my life
It was right before my eyes

Oh, you are my angel
I know you'll always be there
You are my one and only angel
To finally find what I could never see
You were there for me
Now there is no doubt that there will always be
An angel in my heart

There is an angel in my heart
Feels like I'm guided by a candle in the dark
It's taken all this time

To finally find out what I could never see
You were there for me
Now there is no doubt that there will always be
An angel in my heart
