THIS CHRISTMAS DAY

Verse 1

Packed up our lives to follow our dreams
Another holiday we won't get to see
The snow blowing past the window at night
All our tradition, we're leaving behind
Oh I?.

Chorus

I would give anything just to be home this time of year
Everybody's full of holiday cheer
And I know its hard being so far away from you
Just wanna be close to you
This Christmas day

Verse 2 Closer to Christmas, but farther from home
With people all around you can still feel along
Without family and friends it doesn't seem right
This time of year you need them by your side

Chorus

This Christmas day
It's the only thing that matters, the only thing that
matters to me

Chorus x 2
