Hey sweetie, let's you and me
Get clear, my head, flesh, body and soul
Hey sweetie, in spite all the hangers thrown
Clean out every thing known

Well, there's no names here, just ties and faces
Living in the night night zone
When your made for each other

Your meant for each other
Skip the school and the family
School and the family, school and the family, child

Two hot girls on a hot summer night
I double fancy that, double fancy that they say
Step over here, it's gonna be all right
I double fancy that very light, very light

All girl, all girl action
(All girl action)
All girl, all girl action

Hey sweetie, let's get you and me
Get real like only lovers can
I love you so much pretty, pretty
Pretty please won't you be my barbarian?

Well, there's no names here just ties and faces
Living in the night night zone
When your made for each other

Your meant for each other
Skip the school and the family
School and the family, school and the family, child

Two hot girls on a hot summer night
I double fancy that, double fancy that they say
Step over here, it's gonna be all right
I double fancy that, very light, very light

All girl, all girl action
(All girl action)

All girl, all girl action

Two hot girls on a hot summer night
I double fancy that, double fancy that they say
Step over here, it's gonna be all right
I double fancy that, very light, very light

All girl, all girl action
(All girl action)
All girl, all girl action
(Oh, yeah)
