She was kissing my back and my neck and my face  
I was looking around for the perfect place  
To lay down beside her and say maybe  
This is the time to make babies

Prettiest girl that I've ever seen  
I look at you and I think it's a dream  
I love your voice and your sexy body  
Let's go deep inside into the love stream

Face like a picture in a gallery  
Her legs were long and slim as she walked up to me  
Wide at the front and wide at the back  
Her hips were curved only her stomach was flat  
An IQ of six hundred and ninety, everything one woman  
can be

Push, push 'cos I like it like that  
So I push push and then she pushed back said  
Don't stop it's never felt better  
I think I'd like to carry on forever

Beautiful dream, more than a dream  
In effect in a love stream, love power  
It was a beautiful dream, more than a dream  
In effect in a love stream, love power

Love and hate will never be friends  
This is a dream I don't want to end  
I'll be your friend I'll be more than your friend  
This is a love I must defend

Slow, slow and it grows, it grows  
Fast, fast and it lasts, it lasts  
On top, top till you jump right off  
Underneath don't stop, don't stop

And when it's time to change position  
We gotta make a big decision  
Already did this once before  
Let's get off the bed and onto the floor

Push, push because I like it like that  
So I push push and then she pushed back said  
Don't stop it's never felt better  
I think I'd like to carry on forever

Beautiful dream, more than a dream  
In effect in a love stream, love power  
It was a beautiful dream, more than a dream  
In effect in a love stream, love power

Hey emotion, love, devotion sex is emotion in motion  
(Push)  
Hey emotion, love, devotion sex is emotion in motion  
(Don't stop)  
I think I'd like to carry on forever  
(Let's fire it up)

This is a dream whose time has come  
And you and me are the only ones  
To take it on to the special place  
Let me touch your mouth, let me kiss your face

One and one and one make two  
Sleeping together like dreamers do  
We look to love to make something new  
Darling, darling it's all you

It's sex that sets your mind and body free  
It's sex keep away from the HIV  
Sex open the lock if you got the key  
Sex made you and sex made me  
So let's turn it up, let's turn it down  
It's better the second time around

Push, push because I like it like that  
So I push push and then she pushed back said  
Don't you stop it's never felt better  
I think I'd like to carry on forever

Beautiful dream, more than a dream  
In effect in a love stream, love power  
It was a beautiful dream, more than a dream  
In effect in a love stream, love power

It was a beautiful dream, more than a dream  
(Let's fire it up)  
In effect in a love stream, love power  
It was a beautiful dream, more than a dream  
(Thank you baby)  
In effect in a love stream, love power

It was a beautiful dream more than a dream  
(Let's fire it up)  
In effect in a love stream, love power  
It was a beautiful dream, more than a dream  
(Thank you baby)  
In effect in a love stream, love power

It was a beautiful dream more than a dream  
(Let's fire it up)  
In effect in a love stream, love power  
It was a beautiful dream, more than a dream  
(Thank you baby)  
In effect in a love stream, love power
