I'll take it round, round by round
And I will pay, yeah, if you don't mind
So just say 'Hello' or even stare
Ever don't talk about me when I'm standing there

So you run your life, I'll run mine
Don't ask how I am, you're no friend of mine
I've made my own bed, it suits me fine
I don't know your name but you sure know mine

I'm not hard to get on with, yeah
You'd try the patience of a saint

If you keep on talking to me
With all of your crude advice
I'll talk to you, my friend
And it won't be nice

If you keep on doing what you're doing
I'm gonna vexed with you
If you keep on doing what you're doing
You're gonna be next

I'll take it round, round by round
Don't wanna hear bells when I hit the ground
And after awhile you get used to pain
If you knock me down, I'll just get up again

Now these things I say sound hard for you
Well, that's just because you've got no point of view
Some people talk and never do
And that's the big difference between me and you

I'm not hard to get on with, yeah
But you'd try the patience of a saints

If you keep on talking to me
With all of your crude advice
I'll talk to you, my friend
And it won't be nice

If you keep on doing what you're doing

I'm gonna vexed with you
If you keep on doing what you're doing
You're gonna be next

If you keep on talking to me
With all of your crude advice
I'll talk to you, my friend
And it won't be nice

If you keep on doing what you're doing
I'm gonna vexed with you
If you keep on doing what you're doing
You're gonna be next

If you keep on doing what you're doing
If you keep on doing what you're doing
If you keep on doing what you're doing
