I'm sick of coming home and watching TV  
I just can't stand it when you sit next to me

It doesn't matter  
It doesn't matter

I'll get by with another  
Baby, go to hell

Your perspirations brought the wallpaper down  
I just can't stand it when you walk into town

It doesn't matter  
It doesn't matter

'Cause I'll get by with another  
Baby go to  
Like this

There's so much trouble when we go for a bite  
They say the food is off and they start to fight

It doesn't matter  
It doesn't matter

I'll get by with another  
Baby, you  
Yes she did  
Oh, oh, oh, oh, oh you
