I won't take that talk from no one
I won't take that talk from no one
Inside, it makes you ill and the pity of it all you're
fighting
You don't see it anymore, you're fighting

A size 12 fight in a size 10 war
I said, I'd never forget you
And I didn't and I never will

Have a dance, meet a girl you dig
Acting like the second coming
Oh, words are only words
Said another way

Got to stop treating people
Like they have no feelings
Stop treating people
Like they have no meaning

I won't take that talk from no one
I won't take that talk from no one
Inside it makes you ill, soft as a mother's love

Her hands were cool and graceful
And you'll get no complaints from me
I said, I'd never forget you
And I didn't and I never will

Have a dance, meet a girl you dig
Acting like the second coming
Oh, words are only words
So, I tell myself

Got to stop treating people
Like they have no feelings
Stop treating people
Like they have no meaning

I won't take that talk from no one
I won't take that talk from no one
Inside it makes you ill

I won't take that talk from no one
I won't take that talk from no one
Inside it makes you ill, soft as a mother's love
Her hands were cool and graceful

And you'll get no complaints from me
Pity of it all you're fighting
You don't see it anymore you're fighting

A size 12 fight in a size 10 war
I said I'd never forget you
And I didn't and I never will

Have a dance, meet a girl you dig
Acting like the second coming
Oh, words are only words
Said another way

Got to stop treating people
Like they have no feelings
Stop treating people
Like they have no meaning

I won't take that talk from no one
I won't take that talk from no one
Inside it makes you ill, soft as a mother's love
Her hands were cool and graceful

And you'll get no complaints from me
I said, I'd never forget you
And I didn't and I never will

Have a dance, meet a girl you dig
Acting like the second coming
Oh, words are only words
So, I tell myself

Got to stop treating people
Like they have no feelings
Stop treating people
Like they have no meaning

I won't take that talk from no one
I won't take that talk from no one
Inside it makes you ill

I won't take that talk from no one
I won't take that talk from no one
Inside it makes you ill, soft as a mother's love
Her hands were cool and graceful

And you'll get no complaints from me
