No one's got to tell me it's over  
I could see it from miles away  
No one's got to tell me  
What I don't already know today  
No one's got to tell me they've seen you  
On the town with an old girlfriend  
No one's got to tell me  
You look like you've fallen in love again

'Cause you're out of my life now  
With a wave of her hand  
You never had it so good babe  
I never had it so bad  
Now you can do what you want to  
And never feel sad  
You never had it so good babe  
I never had it so bad

No one's got to tell me the difference  
Between me and the one who's returned  
No one's got to tell me  
You never really got over her  
No one's got to tell me they've seen you  
Looking like a brand new man  
No one's got to tell me  
You look like you've fallen in love again

'Cause you're out of my life now  
With a wave of her hand  
You never had it so good babe  
I never had it so bad  
Now you can do what you want to  
And never feel sad  
You never had it so good babe  
I never had it so bad

So you just go where you go  
And do what you do  
And be who you want to be  
But when she burns you again  
And your phone doesn't ring  
Baby it's me

'Cause you're out of my life now  
With a wave of her hand  
You never had it so good babe  
I never had it so bad  
Now you can do what you want to  
And never feel sad  
You never had it so good babe  
I never had it so bad
