Please don't go
You know it took so long to get you girl
Please don't go
You know it took years before I met you girl
If you just come back tonight
Put the sheets up so we can hide
Would you go
Oh baby don't go
Where'd you go
The search parties endless and we need to know
Just where'd you go
It's been bottles and beer cans since you've been gone
girl
Did you lose a little hope in time right before you
caught the train at nine
Where'd you go
This town is alone
I've been told
The streets have been weeping since you've been gone
girl
Oh I've been told
You're just a ghost whose come to haunt me girl
Will I ever ever let you go
Not a burden just a thorn in my throat
I've been told
You're feeling alone
I don't know why
Living with out you is hard
But I know why
I keep moving on
With my heart
Please don't go
You know it took so long to get you girl
Please don't go
You know it took years before I met you girl
If you just come back tonight
Put the sheets up so we can hide
Would you go oh baby don't go
If you just come back tonight
Put the sheets up so we can hide
Would you go

I'm feeling so low
Oh baby don't go
Please baby don't go
