Can't forget about it Can't forget about it

I can see a change Just assume I'll go away Where was your purity? How about your honesty?

Turns out that I told you that you got it right Full of pride but you're bothering, turn out the light It's what you planned on Got it (you got it) you got it

Just a taste, just a taste on the tip of your tongue Make sure to tell all your friends

I'm not giving into this I've tried and tried and tried to block the thought You're such a shameless accident No, I will not give into this I'm not giving into this I've tried and tried and tried to block the thought You're such a shameless accident No, I will not give into this

Can't forget about it Can't forget about it

Welcome the scenery The place you're meant to be Consider I tried to adjust It was just that it must be my luck

I wish you'd see me now Don't you ever assume that I will turn back I will never turn back

Just a taste, just a taste on the tip of your tongue Make sure to tell all your friends

I'm not giving into this
I've tried and tried and tried to block the thought
You're such a shameless accident
No, I will not give into this
I'm not giving into this
I've tried and tried and tried to block the thought
You're such a shameless accident
No, I will not give into this

I'm not giving into this Cause I've tried and I've tried No more reason to persist Cause I've tried and I've tried

It's just a shameless mistake So tell me your story's straight It's not a shameless mistake

I'm not giving into this
I've tried and tried and tried to block the thought
You're such a shameless accident
No, I will not give into this
I'm not giving into this
I've tried and tried and tried to block the thought
You're such a shameless accident
No, I will not give into this
