There would be no world for me  
If ever we would part  
Where I go, your name will be  
Right on the tip of my heart

Only once in every lifetime  
Someone just like you appears  
Is there any greater glory?  
Any greater thrill?  
No, never in a million years

When I embrace you  
I hold the world in my caress  
When I embrace you  
What greater treasure can I possess

You wonder why it is  
That I love you so  
I'll tell you why it is  
It's because I know, that

Only once in every lifetime  
Someone just like you appears  
Is there greater glory?  
Any greater thrill?  
No, never, never in a million years
