I've got a love for all seasons
I'm gonna make sure there's no reason
For you to ever seek somebody new
I've got a love for all seasons
I'm gonna make sure there's never any reason
For you to seek somebody new

Winter, spring, summer or fall
I'll be around through it all
I'm not the kind who's a fairweather friend
I'll be here till the end of time (Till the end of time)

I'll be your umbrella in the rain
Shelter you from some of the pain
We will weather any storm
'Cause my love will come and keep you warm until it all
blows over

I've got a love for all seasons
I'm gonna make sure there's no reason
For you to ever seek somebody new
I've got a love for all seasons
I'm gonna make sure there's never any reason
For you to ever seek somebody new

I will make your heart sing
With the joy new love brings
Together we will gather flowers (Flowers)
On those hot, bright sunny days
I will be your pastel shades to cool, cool you down
(Down, down)

I've got a love for all seasons
I'm gonna make sure there's no reason
For you to ever seek somebody new
I've got a love for all seasons
I'm gonna make sure there's never any reason
For you to seek somebody new

I'll give you more than enough love to store inside
So when the dark days come again you'll be alright

Leaves change their color (Colors), fall in winter
But the love I will give you will last through all kinds of
weather (Weather)
