I wanna share your life
Ev'ry minute, ev'ry day and night
And I want you to know
That whatever you do and wherever you go, remember

Someone loves you honey
No matter what, just be my guy
Someone loves you honey
More than anything in the world

I'm so glad I'm the one
That you come to when you need someone, yeah
That's what my love is for
It's a shoulder to lean on
A boat in a storm, remember

Someone loves you honey
No matter what, I just want you to be my guy
Someone loves you honey
More than anything in the world

Someone loves you honey.....
Love can make you sad and love can make you mad
Sometimes love can make you glad
But I really and truly don't wanna lose the love I have
Now, make up your mind and don't bad-ass me, lyah,
yeah
Make up your mind don't stand behind me
Take your rocks off, your rocks off, a so me seh
I seh you dig some, you dig some, a so me seh
I seh you come so, you come so, yeah
Love is like a rock an' it a natural force
But I don't wanna lose the love I have, oh no no me seh
Now let me tell ya 'bout the soul I got together
Don't you be no fool, nuh badda ..uh!... ting, I seh

Someone loves you honey
No matter what, just be my guy
Someone loves you honey
More than anything in the world

Someone loves you honey
No matter what, I just want you to be my guy
Someone loves you honey
More than anything in the world
