Girl: Ooh oohooo La La La La La La La Lah
You know I love you
And you love me too

Junebug Slim:
(I love you too)
Yo... my sexy seniorita
That fly mamacita
The one that chose by my side my nine millimeter
Always kept it warm always made you safe
Got my back love even when I caught a case
I know the tears you cried why you can't sleep at night
I'm always gunna love you babe your my life
Writting love letters sealed with a kiss
Sprayed with perfume so I could reminice about the
good old days and the way we've changed
But one thing hasn't I'm still your man
I think about you everytime I close my eyes
Your my lady baby boo and I'm your guy
We can't be together now but we will soon
But just remember this babe I love you

(Chorus)
Girl: I love you
You love me we should be
I love you
You love me we should be
Together baby
Forever you and me
(You and me)
I love you
You love me we should be
Together baby
For all eternity

Junebug Slim: Hey pretty momma can I squeeze that
Your like my nina when I squeeze back
You got me feeling like a? when you?
Porfavor please believe that
You see that
She's like the sizzle when I'm creasing up my G cac.s

I get it rough like when I flip them with the green backs
You make me sparkle like them crystals on a weed sack
I love the way you put? on?
If you? definitely I? back
I see them tattoo tears I'd never leave that
It's only a 3 week tour baby I'll be back
Them other groupy hookers man I don't need that
You know I love you crazy girl
(I truly mean that what)

(Chorus)

Girl: I love you
You love me we should be
I love you
You love me we should be
Together baby
Forever you and me
(You and me)
I love you
You love me we should be
Together baby
For all eternity

Junebug Slim:

(For all eternity)

Your like a summer breeze on a perfect day
The wind beneath my wings that helps me fly away
You've always been there never left my side
Through my ups and my downs my smiles and my cries
Your my past your my future
Your my number one your my shining sun
The girl of my dreams the girl of my life
I promise pretty lady Ima always treat you right
In the middle of the night I say a prayer for you
Hoping someday that my dreams come true
Walking down the isle and say I do
And forever in my heart 'cause girl I love you uh

(Chorus)

Girl: I love you
You love me we should be
I love you
You love me we should be
Together baby
Forever you and me
(You and me)
I love you
You love me we should be
Together baby
For all eternity

Junebug Slim:
(For all eternity)
I love you
I love I love you
I need you
