(Nb ridaz) hey mr dj can you play another slow jam  
play it for my baby hey mr.dj

(junebug slim) what up dj

(nb ridaz) can you play another slow jam

(june bug) check this out in case you didn't know  
your boy junes a player  
i like club hits but a slow jams major  
to get my lady movin' in that special way  
to make up for the times that i've been gone away  
either out with my folks on the road  
doin' some time or doin' a show  
that slow jam always brought us closer together  
somehow someway just made things better  
so listen up girl when your sittin' alone  
hit your local dj and request that song  
it reminds you of me when i'm not around  
your boy got love and i'm always down  
i know your gonna dig it when were all alone  
turnin' off my 2-way and my cellular phone  
you want me for yourself and i understand  
but i always cant be there so here's a slow jam

(chorus 2x)

play another song 4 me turn it up because i love my  
baby...my baby...

(junebug slim) i'm at the club "V.I.P" takin' it lite  
i been doin' my girl wrong cuz'now i'm makin' it right  
the last couple months i aint been there to kiss her  
so i'm tryin' to make it up to let her know that i miss her  
my lifestyle was "sic" rugged and rough  
i call when i can but still its never enough  
you up all night waitin' on my call  
while i'm in the streets tryin' to ball  
i know it's hard to take all i've done  
so order you a shot of that 151  
we kickin'back chillin' by candlelight

everythings alright you with your man tonite  
i'd do this every day if i had a "CHANCE"  
go on and kill that glass girl it's time to dance  
that krunk beat is cool "fo sho" it pound  
but dj could you please slow it down

(chorus 2x's)

(nb ridaz) what can i say dj  
you had me on the first song  
i heard it i knew it  
this was 4 the one  
who would change my life 4-ever  
and how i see it  
and how i live it  
my hearts beatin'  
when i'm holding you close  
and we're dancing to slow tune  
walked into the room  
i was blessed to be in your presence  
my angel from the heavens above  
who would save my life  
and didn't even know it  
these words from this love song  
couldn't compare to the things i wanna tell you  
and show you 4-life i wanna ride 4-you  
hey yo' dj you were readin' my mind  
when you played this song  
that reminds me of her  
now i know what heavens really like  
it was you that i needed in my life  
to complete the missin' piece to my puzzle  
and how i want the world to know  
how much i love her.....i love you baby

(chorus 2x's)
