My you push my body  
On the back of the ?  
My you bring my legs so high,  
Your cheeks can touch my knee  
You slash up and impair me,  
With the hit of your body  
It's the perfect mix for me  
This means ecstasy

Chorus:  
Boy with your tongue,  
You do things I never knew of  
Girl with your mouth,  
You do things I only dream of

I saw it on the internet,  
I thought it was a fake  
I saw it on a video,  
I knew I must have that  
?  
No one could wear the hat  
Chorus

At first I see you,  
On the dance floor in the light  
And then I see your body,  
Naked in front of me  
Your mouth then turns into something,  
Like a section 5  
And then I feel something inside me,  
So wet and sticky

Chorus

Surrounded by the hot young twins,  
That's just how life goes  
When both of them turn off the lights,  
I let go of my clothes  
Excited by their expert pro's,  
Bam! Mama goes

Chorus
