You mean the world to me
World to me...

Is this how it feels
It's never the same
The hurting so bad
Every time i hear your name
My heart feels the pain
And as i look into your eyes
It took me so long , just to realize

(chorous)
you mean the world to me
your r everything i need
i wish that you could be
still in love with me
you mean the world to me
please don't go away
i wish that you could stay forever end of days.
Now that your gone
Seems i want you more
I didn't care you go walking out that door
You must realize
I was young and so confused
What can i say?
What can i do?
Your my everybody you...

(chorous)

this time i need to know
if we could ever be
if there's a chance for love
wont you tell me wont you tell me please
your everything i need...

(chorous x 2)
