I know a brother who's smooth like a cat
So I looked in the mirror and patted him
on his back
Now I don't play when I do my thing
But ya better call the Kangaroos if I start
to sing
I've got plenty moves eyes open or eyes closed
But my best move baby is when I blow my nose
AfriKa my brother he lets loose when he lets go
When the braids are in Kool braids out GI Afro

Kool Recess

Layin' up on an island buck-naked hangin' loose
A nice cold wooden bowl of freshly squeezed
Orange Juice
I started to sweat now that was hard to believe
So I stood up for a minute to catch that
5:15 breeze
While I was up I figured you know I stroll
over by the stream
Jump in and kool off from that burnin' hot sunbeam
Water from the river rushin' up my
family jewels
Now that's kool
