All are present and accounted for  
Take roll call there's a 100 or more  
Brothers, sisters that I call my tribe  
Livin' a high on a FUNK-E vibe  
Step in the stride and all think the same  
Play differently but all the same game  
I don't eat meat 'cause I'm not that mean  
Drink a lot of juice so my insides are clean  
Do unto others like they do to us  
Stay out of the grip of in God we trust  
Work by day, ritual by night  
The vibe holds the tribe and it keeps it real tight  
We give each other weight instead of sayin' hi  
And that's the first feelin' when you feel the  
Tribe Vibes

Recess...

The sun set moon rised stars shined  
I knew it was time  
Tribes got together you heard the jingle jangle  
Jingle jangle comin' from all angles  
I heard the bongos  
Bongo beats from the jungle  
A ritual a ritual a ritual  
Fire in the middle I chant a little riddle  
I saw a man on the side takin' pictures  
But some of us never paid him no mind  
Click click flash flash boom-bash  
Smashed up his camera weakened his stamina  
We didn't kill'em we painted him Black  
Put him down wit the tribe put'em down wit  
the pack  
Took his gun and took his rifle  
Changed his clothes and told'em to sit still  
He tried to run but there was nowhere to hide  
So at the end he gave in 'cause he felt the  
Tribes Vibes

BRIDGE TO THE VIBE GATHERIN'

A bird must fly but soon he lands  
Good and bad both clap the same hands  
Open doors mean open minds  
And these 2 things mean change of times  
I watch my back so I'm never held back  
I keep in mind that Black is Black  
The U-FUNK keeps me goin' under  
And fills the mind to make it wonder  
Come on in and feel at home  
But do not take what is not your own  
A man once took and never returned  
And it's shame he had to learn  
An eye for an eye a tooth for a tooth  
Prophet Moses as he speaks the truth  
You can run but you never can hide  
So hope the Tribe stays on your side  
A group of people a Tribe of people  
Join together for one cause  
Sellin' you and tellin' you  
Get up and go for yours!  
Tribe Vibes is a level of consciousness  
Tribe Vibes you got to get into this  
We all are thinkin' on the same plateau  
A Tribe Kalled Quest to De La Soul  
Tribe Vibes is a level of consciousness  
Tribe Vibes you got to look into this  
Yes Blastmaster KRS 1 the teacher  
Living Color Queen Latifah  
Ultramagnetic and all my homies  
Grandpa Bambaataa and Sister Monie  
The PE's the JB's...
