## "Left For Dead"

you are dead  
rotting skin  
decaying skulls  
are caving IN

taking one last look  
blurred and bloody eyes  
hallucinating things  
beyond this life's demise

crying out  
set me free  
torturing  
the inner me

burning soul  
black with hate  
searches for  
one to taste  
blood is flowing free  
pouring over me  
clawing at your eye  
wishing you to die

empty

souls will die  
forbidden fate  
souls will die

Left for dead  
bloody with a severed head  
emotionless life  
gasping for your  
BREATH

feasting your fears  
that eat your skin

denying faith  
evil comes and grabs  
you by the face

crossed reality  
sepetrating me  
from my evil past  
the pain will not last
