look at you dancing on the floor  
baby you had you got it and you know  
i never seen you looking like this before  
i want you and you want me  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave, let's tear the club down, down

shawty ... with me all up in the club  
acting she in love all up in the club  
the way she kept pulling pulling pulling on me  
and the way she kept feeling feeling felling on me  
askin for my kisses, askin for my touch  
shawty ...just dancing it's really not enough  
say she really would feel comfortable leaving with me  
she asking me asking me asking me what it's gonna be  
i never seen you looking like this before  
i want you and you want me  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave, let's tear the club down, down

baby let's, let's tear the club down  
look at you dancing on the floor  
baby you had you got it and you know  
i never seen you looking like this before  
lights, camera, action, promise satisfaction

i want you tonight, you want me tonight  
we leaving as soon as we tear the floor  
we leaving as soon as we tear the floor  
askin for my kisses, askin for my touch  
shawty ...just dancing it's really not enough  
say she really would feel comfortable leaving with me  
she asking me asking me asking me what it's gonna be  
i never seen you looking like this before  
i want you and you want me  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave, let's tear the club down

before we leave,  
baby let's baby let's tear the club down  
look at you  
before we leave let's tear the club down, down  
baby you had you got it and you know  
look at you  
shawty ...just dancing it's really not enough  
say she really would feel comfortable leaving with me  
she asking me asking me asking me what it's gonna be  
i want you and you want me  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave, let's tear the club down  
before we leave,  
baby let's baby let's tear the club down  
baby let's baby let's tear the club down  
baby let's baby let's tear the club down  
baby let's baby let's tear the club down.
