As the colors fade away, my love
As the darkness turns to day, above
Celebrate the one you love
And she says she has a friend inside
Shows her everything she tries to hide
Please stop the pain inside
She don't know
Please stop her pain
I think she's coming down again
I hear the rain
She's coming down again
I hear the rain
And she's dancing with the hands of fate
While she's sleeping with the one she hates
And tonight they celebrate
She don't know
Please stop her pain, stop her pain
I think she's coming down again
I hear the rain
She's coming down again
I hear the rain
And the rain still falls
It's falling down on me
She don't know
Please stop her pain, stop her pain
I think she's coming down again
I hear the rain
She's coming down again
I hear the rain
She's coming down again
She's coming down again
She's coming down again
She's coming down again
I hear the rain
