I guess you've never been lonely
There's never days on your own
Cause each new one is so friendly
I think I talk for too long

My heart is born on the other side of judgement
How long's the wait, I should go, bet it's time

Should've known I was angry
All the little ways that it shows
Cause you think I can't please you
So I won't and act like a fool when I try

My hands will shake though they're steady now
You only give your heart, I don't care

That's the way
That's the way
That's the way
That's the way you'll improve me

That's the way
That's the way
That's the way
That's the way you'll improve me [That's the way you'll
improve me]

If you want it
Never show it [If you want it]
X6

My heart gets lost on the earliest sign of envy
There's a place to hide your feelings and you've shown
me

That's the way
That's the way
That's the way
That's the way you'll improve me [That's the way you'll
improve me]
X3

That's the way
That's the way
That's the way
That's the way you'll improve me [Oh the way you'll
improve me]

That's the way
That's the way
That's the way
That's the way you'll improve me [That's the way you'll
improve me]

That's the way
That's the way
That's the way
That's the way you'll improve me [Oh the way you'll
improve me]

That's the way you'll improve me
Oh the way you'll improve me
That's the way you'll improve me
Oh the way you'll improve me
That's the way you'll improve me
