She's a real Russian beauty
Balaclava totin' cutie
She's a whole lotta fun on a date
And she's an undercover agent
and I'm just another fool
she is tryin' to investigate

Her name is double agent
Beatrix Knock'emoff the third
and she's a threat to national security
in the undercover world
she's a pretty cagey girl
that's why they call her Cagey Bea

Cagey Bea, Cagey Bea
cageyist babushka in the land of the free
getting secrets undercover
from so many others
but she's only gettin' lovin' outa me.

I met a gal the other day
in a strange sort of way
takin' pictures of my house from her car
she said she was a tourist
but she seemed more adventurist
than just a girl from the USSR
she was handing out the borscht
so I jumped right in her porsche
and felt a wire going right up my sleeve
by the time we started kissing
half of Moscow was listening
to the prisoner of Cagey Bea

Cagey Bea, Cagey Bea
why'd you go and play them dirty tricks on me
getting secrets undercover
from so many others
but your only gettin' lovin' outa me.

she's got a sexy looking hemline
and them boys back at the Kremling

keep an eye on her every step
but my love will never stop
for that cagey Russian cop
and I am needing all the loving I can get
but I ain't walking down the aisle
till she throws away my file
and gets those surveillance cameras off of me
I ain't wearing that corsage
till there's no more espionage
from double agent Cagey Bea

Cagey Bea, Cagey Bea
cageyist babushka in the land of the free
getting secrets undercover
from so many others
but she's only gettin' lovin' outa me.

No she's only gettin' lovin' outa me.
