Standing in a crowded room but all I see is you
Like a spotlight follows where you are
Do you know I never want to leave your side
Desire swallows up my pride
I can't say no, I want you, so I've got to see this through

'Cause I just can't fight this feeling
We should be lovers, we should be lovers
No I just can't fight this feeling
We should be lovers, we should be lovers
Now I just can't fight this feeling
My head is spinning, I think it's winning
Now I just can't fight this feeling and it's beating me
down

Falling on you took a moment, your kiss charged my
heart
Just a touch could never be enough
Do you I know I'm overboard and can't be saved ?
I pray, the night time makes me brave
I have to show I want you, so I've got to get to you

'Cause I just can't fight this feeling
We should be lovers, we should be lovers
No I just can't fight this feeling
We should be lovers, we should be lovers
Now I just can't fight this feeling
My head is spinning, I think it's winning
Now I just can't fight this feeling and it's beating me
down

Why don't you, why don't you, why don't you come to
me ?
Why don't you, why don't you, why don't you come to
me ?

'Cause I just can't fight this feeling
We should be lovers, we should be lovers
No I just can't fight this feeling
We should be lovers, we should be lovers
Now I just can't fight this feeling

My head is spinning, I think it's winning
Now I just can't fight this feeling and it's beating me,
beating me
Beating me down.
