I can see you in the dark  
I see you hi-hi-hiding away  
I can feel you in the darkness  
I know the little games you play  
I can read your dirty mind  
That good guy shit won't fly with me  
Boy i'm on ya like a polygraph  
Love too hard still, this is what i see  
I know you when you can't lie  
No baby you can't lie  
You run but you can't hide  
I see you when you're pulling  
The wool over my eyes  
The wool over my eyes  
Lights out, go crazy  
Lights out, go crazy  
Boy I got a P.H.D.  
I got a masters in boy-ology  
mmm psychic, psycho call her  
What you wanna, but more i'm on ya  
Make her think she's the one  
And she'll wake up and there's you'll gone  
You got so many tricks in your hand  
Wrong name, wrong number, you got it all planned  
I know you when you can't lie  
No baby you can't lie  
You run but you can't hide  
I see you when you're pulling  
The world over my eyes  
The world over my eyes  
Lights out, go crazy  
Lights out, go crazy  
(Far East Movement!)  
Hide and seek, made you peek  
Put you to sleep, like quashi  
Wrapped by tie around your neck  
That's what i call a freak on a leash  
Help yourself, grab my belt  
Torn my pants, straight to hell  
Oh my god, Natalia Kills  
This must be how heaven feels  
I know you when you can't lie

no baby you can't lie  
you run but you can't hide  
i see you when you're pulling  
the world over my eyes  
the world over my eyes  
Lights out, go crazy  
Lights out, go crazy (go crazy)
