There's never been a day  
When the world wasn't new  
When the sun did not rise  
Or the light break on through

Things might get a little worse  
Before they get a little better  
But there's always clearer skies  
Stretching out beyond bad weather

And the world holds its breath  
Just to see where we'll incline this time

Ha, la, la, la  
Ha, la, la, la  
Ha, la, la, la

I feel somethin' has shifted  
I know the story's changed  
In the window of a crisis  
We can build a better frame

Come on and look inside you  
It's the best place to start  
And the greatest revolution  
Is a simple change of heart

I can't put the sacred in such a little box  
Because it's not

Ha, la, la, la  
Ha, la, la, la  
Ha, la, la, la

There's no shame in learnin' somethin'  
When there's somethin' that must be learned  
But there's danger when we will not see  
What our actions earn

Courage doesn't always shout  
But whispers and reminds  
When we get up one long mornin'

And we try another time

We tried yelling at each other  
It hasn't worked so well  
Throwing gas on a fire  
Never helped as far as I can tell

Throwing stones cut deep  
A little kindness goes deeper still

Ha, la, la, la  
Ha, la, la, la  
Ha, la, la, la

Ha, la, la, la  
Ha, la, la, la  
Ha, la, la, la

Ha, la, la, la  
Ha, la, la, la  
Ha, la, la, la

Ha, la, la, la  
Ha, la, la, la

Ha, la, la, la  
Ha, la, la, la  
Ha, la, la, la

Ha, la, la, la
