Sometimes you just close your eyes and jump  
You don't think too long  
Or maybe you just won't

Sometimes you just follow your heart  
Don't analyze too long  
Or maybe it might just begun

You've got a whole lot of hope  
You've been keeping in your pocket safe from harm  
A whole lot of dreams  
You've been keeping in your pocket safe from harm

I saw you laugh I saw you cry  
I saw you leave the bar and run outside  
I sat there so you're not knowing why

I got off late and packed up tight  
And walked to the cool and secret night  
Wondering if you got home alright

And you've got a whole lot of hope  
You've been keeping in your pocket safe from harm  
A whole lot of dreams  
You've been keeping in your pocket safe from harm

A whole lot of hope  
You've been keeping in your pocket safe from harm

I light a candle in my window every night  
Been looking for a sign  
As yet, I haven't seen in

Maybe I will, maybe I won't  
Maybe I don't care if I do or don't  
Maybe it's just enough to try

And I've got a whole lot of hope  
I've been keeping in your pocket safe from harm  
A whole lot of dreams  
I've been keeping in your pocket safe from harm

A whole lot of faith  
I've been keeping in my pocket safe from harm

Sometimes you just close your eyes and jump  
You don't think too long  
Or maybe you just won't
