Lately nothing I do ever seems to please you
And maybe turning my back would be that much easier
Cause hurtful words are all that we exchange
But I can't watch you walk away

Can I forget about the way it feels to touch you?
And all about the good times that we've been through
Could I wake up without you every day?
Would I let you walk away?

No, I can't learn to live without
And I can't give up on us now

(Chorus)
Oh, I know I could say were through
And tell myself I'm over you
But even if I made a vow
I promise not to miss you now
And try to hide the truth inside
I fell cause I, I just can't live a lie

Could I forget the look that tells me that you want me?
And all the reasons that make loving you so easy
The kiss that always makes it hard to breathe
The way you know just what I mean

No, I can't learn to live without
Ohh, so don't you give up on us now

Ohh, I know I could say were through
And tell myself I'm over you
But even if I made a vow
I promise not to miss you now
And try to hide the truth inside
I fell cause I, I just can't live a lie

Ohh, and I don't wanna try

Ohhhh, I know I could say were through
And tell myself I'm over you
But even if I made a vow

I promise not to miss you now
And try to hide the truth inside
I fell cause I, I just can't live a lie

I just can't live a lie

But even if I made a vow
I promise not to miss you now
And try to hide the truth inside
I fell cause I, I just can't live a lie

Oh, I can't live a lie x2
