Yeaahh, yeaah  
In the circles i've been runnin  
I've covered many miles  
And i could search forever  
For what's right before my eyes  
Just when i thought i'd find it  
It was nothing like i planned  
And when i got my heart around it- it slipped right  
through my hands  
Here with you i feel it  
I close my eyes and see it

In a midnight talk  
In a morning kiss  
When i'm in your arms  
That's where it is  
When we're tangled up  
And can't resist  
When we feel that rush  
That's where it is  
That's where it is

When i'm crashing through the madness  
Not sure who i'm supposed to be  
And when i'm caught up in the darkness- it's your hand  
that's leading me  
You bring me back to solid ground  
You lift me up right here right now

In a midnight talk  
In a morning kiss  
When i'm in your arms  
That's where it is  
When we're tangled up  
And can't resist  
When we feel that rush  
That's where it is

It's a lifetime filled with tiny graces,  
The biggest things and the smallest places

In a midnight talk  
In a morning kiss  
When i'm in your arms  
That's where it is  
When we're tangled up  
And can't resist  
When we feel that rush  
That's where it is

In the sweetest smile  
On a night like this  
With a tender touch  
That's where it is  
When we're tangled up  
And can't resist  
When we feel that rush  
That's where it is  
That's where it is
