Chorus: Just down the road and to the left
It's never been any further
To find the thing you never lost
who serves, who serves the grail

Are you the one that's common born, a fool in many
ways
Have you searched half your life, looking for some
Holy Grail?
Did you see it in a dream, a vision once when you were
young?
Does the circle lead you back, to the place where you
began.

Chorus

Are you the one he left behind, or was it you to finally
leave
The one that always wore your heart, out for anyone to
see
Brow to brow and side to side, palm to palm and Toe to
toe
Had you really no idea, how far and deep an echo goes

Chorus

Are you the pilgrim on the road, are you the hermit in
the wood
Have you followed what you know, what you want or
what you should
Have you learned a thing or two, have you wondered at
the time?
In your dark night of the soul, am I the one you thought
you'd find

Grace and laughter, ever after, sorrow folds her hands
together
Was it all and did you mean it,
In the dark you've always seen a
Bright and shining true idea

I am the wound that will not heal. I am the song you

cannot sing
I am the endless restless ache. I am I am the fisher
king
And all that I can ask of you, is do what small good that
you can
Speak the words that hear, and meet me where I am

Chorus
