There's a place out there for us  
More than just a prayer or anything you've ever  
dreamed of.  
So when you feel like giving up  
Cause you don't fit in down here  
Fear is crashing in close your eyes and take my hand.

We can be the kings and queens of anything if we  
believe.  
It's written in the stars that shine above  
A world where you and I belong  
Where faith and love will keep us strong  
Exactly who we are is just enough  
Yes there's a place for us there's a place for us.

When the water meets the sky  
Where your heart is free and hope comes back to life  
When these broken hands are hold again  
We'll find what we've been waiting for  
We were made for so much more

We can be the kings and queens of anything if we  
believe.  
It's written in the stars that shine above  
A world where you and I belong  
Where faith and love will keep us strong  
Exactly who we are is just enough  
There's a place for us  
There's a place for us

So hold on, hold on  
There's a place for us

We can be the kings and queens of anything if we  
believe.  
It's written in the stars that shine above  
A world where you and I belong  
Where faith and love will keep us strong  
Exactly who we are is just enough  
Yeah, exactly who we are is just enough  
There's a place for us
