This pain
Knocks me on my back again
[Back again]
Although the more it does
But when it doesn't phase me in
[Phase me in]
This fights a battle I can't seem to win
I board up doors that keep it out
But then invite it in

And I try to deny having any fault in this
Then, being to blame
My unfortunate circumstances
I'm caught up in a lie that's completely blinded me
And when I open my eyes
I can't believe what I see
Yeah

This is the last time
Do I think I'm kidding?
My will has broken useless
I need something to stop me
Stop me
Please

And I try to deny having any fault in this
Then, being to blame
My unfortunate circumstances
I'm caught up in a lie that's completely blinded me
And when I open my eyes
I can't believe what I see
Yeah

This is the last time
Do I think I'm kidding?
My will has broken useless
I need something to stop me

This is the last time
Do I think I'm kidding?
My will has broken useless
I need something to stop me

Stop me
[Please]
This is the last time
Do I think I'm kidding?
My will has broken useless
I need something to stop me
Stop me
Please
