He spends another night out way too late  
Not 'cause he wanted to  
That's just how you make ends meet  
She spends another night out on the town  
I mean what else could she do  
When her man is not around?

And she melts over every word  
As they roll off his tongue on her  
She's in love  
With how he makes her feel  
[Yeah]  
And a kiss  
Holds her thighs in tight to assure  
No blue dreams tonight  
She's in love  
With how he makes her feel  
Like she hasn't for so long;  
Like once again she's real

He calls her up and says:  
"I'm sorry babe  
"Work kept me out so late.  
"Man, it sucks that we have to eat."  
She laughs and says:  
"Hey, baby, that's alright.  
"Just be sure to call me back when you think that you'll  
be home in five."

And she melts over every word  
As they roll off his tongue on her  
She's in love  
With how he makes her feel  
[Yeah]  
And a kiss  
Holds her thighs in tight to assure  
No blue dreams tonight  
She's in love  
With how he makes her feel  
Like she hasn't for so long;  
Like once again she's real  
She's real

She's in love  
With how  
He makes  
Her feel  
Like she  
Is so  
Alive

He pulls up to the house and wreaks of sweat  
She's already there  
In the bathroom, soakin' wet  
Still dressed  
She'll rest  
Then when her man walks in she'll say:  
"Baby, what'd you make today?"

And she melts over every word  
As they roll off his tongue on her  
She's in love  
With how he makes her feel  
[Yeah]  
And a kiss  
Holds her thighs in tight to assure  
No blue dreams tonight  
She's in love  
With how he makes her feel  
Like she hasn't for so long;  
And once again she's  
[Once again she's]  
Once again she's  
Real
