"Uh Oh"

I've never been good with words
Well at least not the sweet kind
Somehow when she's around
It's like I just lose my mind
And I know, I know
I should just leave it alone
But I won't, I won't
I keep getting in my way
And my friends say I'm crazy
A girl like that
Would never go for a guy like me
And I know, I know
That I should listen to them
But I won't, I won't, I won't
And uh oh, uh oh I get that feeling
And I don't know, don't know
How she keeps stealing
All the air from my lungs
And leaving all the words
Stuck on my tongue
It's like I'm not even here
Ran me over as she walked by
Dust off my clumsy words
And bad pick up lines
And I know, I know
That I can't leave her alone
And I won't, I won't
I try to work up the nerve
Hope to God I don't stutter
My thrown together letters
Never end up as words
And I know, I know
That I should leave it alone
But I won't, I won't, I won't
And uh oh, uh oh I get that feeling
And I don't know, don't know
How she keeps stealing
All the air from my lungs
And leaving all the words
Stuck on my tongue
All I can say is uh oh, uh oh

I get that feeling
And I don't know, don't know
How she keeps stealing
All the air from my lungs
And leaving all the words
Stuck on my tongue
And I know that she's
So out of my league
But I just can't stop
I keep thinking,
"Just wait and see
She's gonna notice me."
Yeah I know that she's
So out of my league
But I just can't stop
I keep thinking,
"Just wait and see
She's gonna notice me."
And uh oh, uh oh I get that feeling
And I don't know, don't know
How she keeps stealing
All the air from my lungs
And leaving all the words
Stuck on my tongue
All I can say is uh oh, uh oh
I get that feeling
And I don't know, don't know
How she keeps stealing
All the air from my lungs
And leaving all the words
Stuck on my tongue
All I can say is uh oh, uh oh
I get that feeling
And I don't know, don't know
How she keeps stealing
All the air from my lungs
And leaving all the words
Stuck on my tongue
She's stealing all the air from my lungs
And leaving every word stuck on my tongue
I've never been good with words
Well, at least not the sweet kind
