For I feel, as fallen pain  
Scold myself with useless blame  
Drag the blade across my lips  
Purge the lie, release my fist

As far as I as one have come  
As for my lies, I burn in each and every one  
As for the truth, denied by fear  
And for my pain, I brought it all upon myself  
This fear that I may de my dream  
Success means I am more than none

To be as one is what I fear

In days of hope, I dream I'm dead  
To be as stone and still - my mind  
As I rise to de as one  
My past this life, I leave as filth

It all comes together  
When we open up our mind  
Open wounds will kiss me  
Dressed in blood meet my god
