"Beauty Never Fades"

Each step I take the shadows grow longer
Padded footfalls in the dark I wonder
Come to steal your lifeblood away
Looking for a beauty that never fades

See a glimpse inside the foolish hollow
Come to know a time when he will haunt you
Snapping at my heels made me live
Someone take me back to the angel realm today

Each step I take the shadows grow longer
Padded footfalls in the dark I wonder
Come to steal your lifeblood away
Looking for a beauty that never fades

See a glimpse inside the foolish hollow
Come to know a time when he will haunt you
Snapping at my heels made me live
Someone take me back to the angel realm today
