right here I'd like to melt inside of you
right here you kiss is totally new oh yeah
right here your mouth is wet and creamy
oh right here your hands are soft and dreamy

yeah it's just what I like
so dim down that light
(don't cha stop don't cha stop)
(don't cha stop don't cha stop)
if it makes you feel good
(don't cha stop don't cha stop)
(don't cha stop don't cha stop)
if it makes you feel good
well
(don't cha stop don't cha stop)
(don't cha stop don't cha stop)
if it makes you feel good

well your rhapsody is blowing my cool oh yeah
your fantasies are written for the fools
well your long black hair tickles my skin
it feels so luscious come on do it again oh yeah

you know it's just what I like
so dim down that light
(don't cha stop don't cha stop)
(don't cha stop don't cha stop)
if it makes you feel good
and
(don't cha stop don't cha stop)
(don't cha stop don't cha stop)
if it makes you feel good
you know
(don't cha stop don't cha stop)
don't you ever stop if it makes you feel good good
don't cha don't cha don't cha don't cha
oh don't cha stop
