You were tryin' to be cute  
And it didn't work out  
You were tryin' to be charmin'  
And it didn't come off

You were tryin' to be clever  
A big waste of time  
You were tryin' to get rough  
But you're waitin' in line

You can't make it with the down boys  
They don't hear a word you say  
You can't make it with the down boys  
Just stay out of their way

You were tryin' to be sharp  
But they couldn't wait  
You were tryin' to be eternal  
But that didn't rate

You were tryin' to be smooth  
You're rough on the edges  
You were tryin' to be hysterical  
And I still ain't laughin'

You can't make it with the down boys  
They don't hear a word you say  
You can't make it with the down boys  
Just stay out of their way

You were tryin' to be in  
But they left you out  
You were tryin' to be in  
Two different worlds

You were tryin' to be in  
Oscillation in shame  
You were tryin' to be in  
But you're lost in the game

You can't make it with the down boys  
They don't hear a word you say

You can't make it with the down boys  
Just stay out of their way

Stay out of their way  
Out of their way

You can't make it with the down boys  
They don't hear a word you say  
You can't make it with the down boys  
Just stay out of their way
