CHORUS

I got a lot on my head  
Most of it is you  
I got a lot on my head  
Can't forget about you

Lock me away where the silly boys go  
I'm on top of my nerves, don't you know  
Take me apart 'cause I'm out of control  
Send me a letter on a midnight scroll

CHORUS

Dance by the window in flamingo pink  
Go through the motions in your Romeo mink  
Condition's red, disposition's blue  
Why am I so attracted to you

CHORUS

Trip down the alleyway, take the back stairs  
I know it's good but good isn't fair  
That's what you said, flashbulb in your eye  
How can I hold you when you're waving goodbye

CHORUS
